Dr. Vincent Lisanti
Council for Tobacco Research
USA, Inc.
900 3rd Avenue
New York, New York 10022

Dear Dr. Lisanti:

In November the Southwest Foundation for Biomedical Research will present the Third Virology & Immunology Symposium entitled, *Idiotype Networks and Immune Regulation II: Autoimmunity, Cancer, Receptors and Vaccines*. This program is an extension of the Buffalo meeting of Dr. Heinz Kohler. Dr. Kohler serves as a co-director for our symposium.

This field is expanding rapidly, encompassing AIDS research, and the need to exchange the knowledge gained thus far is obvious.

We would be honored if you would consider attending. The program begins Wednesday, November 18 with a continental breakfast and ends Friday, November 20 with an awards luncheon and will be held at the La Mansion del Rio in San Antonio.

I have enclosed a brief description of the program and a list of speakers. Would the Council consider contributions for this meeting relative to defraying some of the expenses as listed on Attachment I in the accompanying information? If I can answer any questions please do not hesitate to call.

I hope your schedule permits you to attend our meeting. We are excited about the program and the interest it has generated thus far. Thank you for your consideration and I look forward to hearing from you soon.

Sincerely,

RONALD C. KENNEDY, Ph.D.
Associate Scientist
